

YOHANN POTICO

Software Engineer

213 Taaffe Place, Brooklyn, NY, 11205

e: yohann.potico@gmail.com GitHub: [yh2n](#) c: +1 646-427-1670

EXPERIENCE

Software Engineer/Product Manager, Maximus 2020-Present

- Use React, Python, Django to build a platform hosting AI-enhanced content.
- Product Manager at UHDArchive, a Maximus/IMAX joint venture.

Software Engineer, ICI / Freelance, NY 2017-2020

- Recurring contract with Independent Curators International: fixed issues with candidate submissions, update and maintain content (HTML, CSS, jQuery, PHP)
 - Skilled at creating full-stack web applications using RESTful architecture and user inheritance models, authentication, databases, unit testing.
- Independent projects:

Shift

- built an application for restaurant workers facilitating shift exchange and reducing scheduling time and labor management by 30%.
- designed UX/UI, created a custom calendar and instant notifications.
- implemented back end (data modeling, authentication).

HTML, CSS, React/Redux, MongoDB, Node, Express, JSON Web Tokens, Pusher

Central

- created a real-time platform enabling professionals to monitor activity and income from one place and reduce administrative time (designed UI/UX).
- implemented IM, video chat and payments.
- developed back end (data modeling, authentication, payment processing).

HTML, CSS, React/Redux, MongoDB, Node, Express, JSON Web Tokens, Passport, Socket.io, geolocation API/Google maps, react-stripe-checkout, WebRTC

Tutor, Columbia Engineering Coding Boot Camp, NY 2019-2020

Supported students through in-person and remote tutoring, graded assignments (HTML, CSS, JavaScript, React, jQuery, Node, MySQL, basics of Python).

Real Estate Agent, Ideal Properties, NY 2015-2017

- Lead research of market trends and prices of property and land.
- Obtained new listings from landlords and advertised their properties.
- Scheduled showing of homes, storefronts, and conducted open houses.
- Facilitated negotiation and closing through effective communication.

Floor Manager/Head Maître d', The Darby, NY 2010-2013

- Supervised floor/bar/door staff (schedules, section assignment, cash-outs).
- Generated a 23% increase in attendance during weekdays through special events.

Audio Technician, Musician, FRANCE, USA 2002-Present

Work as bass player (live and recording), producer, and audio technician (A2).

La Sorbonne, Paris, France

BA in History

Thinkful, New York, NY

Software Engineering Program
