EXPERIENCE

Tutor, Columbia Engineering Coding Boot Camp, NY 2019-Present

Support students through in-person and remote tutoring, grade assignments (HTML, CSS, JavaScript, React, jQuery, Node, MySQL, basics of Python).

Software Developer, ICI / Freelance, NY 2017-Present

- Recurring contract with Independent Curators International: fixed issues with candidate submissions, update and maintain content (HTML, CSS, jQuery, PHP)
- Skilled at creating full-stack web applications using RESTful architecture and user inheritance models, authentication, databases, unit testing.

Independent projects:

Central

- created a real-time platform enabling professionals to monitor activity and income from one place (designed UI/UX) and reduce administrative time.
- implemented IM, video chat and payments.
- developed back end (data modeling, authentication, payment processing).

HTML, CSS, React/Redux, MongoDB, Node, Express, JSON Web Tokens, Passport, Socket.io, geolocation API/Google maps, react-stripe-checkout, WebRTC

Shift

- designed (UX/UI), built an application for professionals of the restaurant industry allowing them to reduce scheduling time and labor management.
- created a custom calendar and instant notifications
- implemented back end (data modeling, authentication).

HTML, CSS, React/Redux, MongoDB, Node, Express, JSON Web Tokens, Pusher

Sylent

created an application providing detailed information regarding the musicians/ writers/producers involved in a recording (designed UI/UX).

HTML, CSS, jQuery, Discogs API

Real Estate Agent, Ideal Properties, NY 2015-2017

- Lead research of market trends and prices of property and land.
- Obtained new listings from landlords and advertised their properties.
- Showed homes, storefronts and conducted open houses.
- Facilitated negotiation and closing through effective communication.

Floor Manager/Head Maître d', The Darby, NY 2010-2013

- Supervised floor/bar/door staff (schedules, section assignment, cash-outs).
- Ensured compliance with restaurant policy along with health and safety guidelines.

Audio Technician, Musician, FRANCE, USA 2002-Present

Work as bass player (live and recording), producer and audio technician (A2).

La Sorbonne, Paris, France

BA in History

Thinkful, New York, NY

Full-Stack Web Development Program
