EXPERIENCE

Software Developer, NYC — 2017-Present

- Recurring contract with Independent Curators International (NYC): maintenance, updates and backup of content.
- Experience creating web applications (back-end and front-end) using RESTful architecture and user inheritance models, authentication, databases, unit testing. Independent projects:

Central
- created a real-time platform enabling professionals to manage activity and income from one place (designed UI/UX).
- implemented IM, video chat and payments.
- developed back-end (data modeling, authentication, payment processing).

HTML, CSS, React/Redux, MongoDB, Node, Express, JSON Web Tokens, Passport, Socket.io, geolocation API/Google maps, react-stripe-checkout, WebRTC

Shift
- created an application for professionals of the restaurant industry in need of a tool to manage scheduling updates (designed UI/UX).
- created a custom calendar.
- implemented back-end (data modeling, authentication).

HTML, CSS, React/Redux, MongoDB, Node, Express, JSON Web Tokens

Sylent
created an application providing detailed information regarding the musicians/writers/producers involved in a recording (designed UI/UX).

HTML, CSS, jQuery, Discogs API

Real Estate Agent, Ideal Properties, NYC — 2015-2017

- Researched market trends and prices of property and land.
- Obtained new listings from landlords and advertised their properties.
- Showed homes, storefronts and conducted open houses.
- Facilitated negotiation and closing through effective communication.

Floor Manager/Head Maître d', The Darby, NYC — 2010-2013

- Supervised floor/bar/door staff (schedules, section assignment, cash-outs).
- Ensured compliance with restaurant policy along with health and safety guidelines.

Freelance Audio Technician, Musician — 2002-Present

- Worked as session bass player (live and recording) and producer. Performed at Joe's Pub, The Blue Note, BAM, Lincoln Center.
- Involved in the writing and recording of three albums using Logic Pro, Reason (https://californiaking.bandcamp.com/).
- Hired as audio technician for various venues: Bowery, MoMA, VIP Room.

EDUCATION

La Sorbonne, Paris, France
BA in History, 2000 - 2004
